SUPPLEMENT TO
REPORT NO.

25X1X

The airfield near Rakvere (26022' L/59022' N), Estonian SSR, was about 1 x 2 km and occupied by about 40 to 50 Soviet ground attack aircraft of IL-2 type. Machine gun firing at sleeve targets was observed.

25X1A

Comment:

25X1C

████████████████████ covering periods of observation up to the Summer of 1948 it has so far been assumed that a parachute school and an air landing regiment were stationed there. This ██████████ contains the first indication that the field was occupied by a ground attack unit in 1949. ██████████ 25X1C are required to clarify the present occupation of the field.
